## Brief description

My main direction is system programming.

I really enjoy OpenSource software and do my best to develop and contribute OpenSource projects which I'm interested in.

## Main contribute to OpenSource Projects

- opencv <https://github.com/itseez/opencv>  
Open Source Computer Vision Library (<http://opencv.org>)
- mpv <https://github.com/mpv-player/mpv>  
Video player based on MPlayer/mplayer2 (<http://mpv.io>)
- agile <https://github.com/un-n-vmk-software/agile-course-theory>  
<https://github.com/un-n-vmk-software/agile-course-practice>  
Master course on Agile Development (theory and practice)

## Experience

- Jun 2005 - **School #91, Nizhny Novgorod, Russia.**
- May 2010 Teacher of additional education. Administrator of computer class.
- Sep 2009 - **Itseez, Nizhny Novgorod, Russia.**
- now Software Engineer

### Extra

- May 2012 **Building, Kamchia, Bulgaria.**  
Advised the builders on the construction of the planetarium.
- 2010-2011 **Continuous Integration.**  
Buildbot for OpenCV project ([build.opencv.org](http://build.opencv.org))

## Development skills

Programming Languages c/c++, python, java/c#, latex

## Computer skills

- IDE **QtCreator**, MS Visual Studio, IntelliJ IDEA
- Other Tools **Vim**, Sublime text, Bash
- OS Linux (**Gentoo**, Ubuntu), Windows
- VCS **Git**
- Development technics Agile: TDD, Continuous Integration, XP, Scrum, Lean, Kanban
- Build systems and compilers cmake → ninja, gcc, clang

## Education

- 2005 - 2011 **Lobachevsky State University, Nizhny Novgorod, Russia.**  
Faculty of Computational Mathematics and Cybernetics. Department of computer software.  
Master's Degree
